Thirty-Third Annual Report

OF THE

STATE EXAMINER

State of Montana

For the Fiscal Year Ending  
June 30, 1928

By A. J. LOCHRIE  
State Examiner

# REPORT OF THE STATE EXAMINER

## OFFICE OF THE STATE EXAMINER STATE CAPITOL

Helena, Montana.  
November 1, 1928.

To His Excellency,  
Hon. John E. Erickson,  
Governor, State of Montana.

My dear Governor:

As State Examiner for the State of Montana, it is incumbent upon me to submit to you the Thirty-Third Annual Report of the office, covering the period from July 1, 1927, to June 30, 1928, inclusive, as provided for by Subdivision 7, Sections 219 and 6084 of the Revised Codes of 1921, Laws of Montana.

Heretofore, the Annual Report submitted by the State Examiner and ex-officio Superintendent of Banks has been a consolidated report covering a review and tabulation of the activities of the State Examiner's department and the office of the Superintendent of Banks. I have changed this usual custom by submitting a separate report of the two offices and it will be so published. Such purpose is obvious to my mind, that those who may be interested in analyzing the report of banking may not have an equal, if any, interest in the affairs of the Public Accounting Department.

In the importance of the relation to economy in the administration of this departmental office covering its activities the past fiscal year, it is gratifying to me that the expenditures have been well confined within the appropriation. Such accomplishment is credited to the cooperation and the enthusiasm of my co-workers and associates in the office and in the field. I acknowledge with full appreciation the loyal support and the faithful co-ordination which has been extended to me at all times by the deputy examiners—and of particular mention, the indispensable services of the veteran Assistant State Examiner, Mr. R. N. Hawkins, who has been invaluable to me and to the success of this department.

Increased duties have been added to this department over those demanded in former years, and a comparison of each succeeding year discloses the cost of operating, naturally increasing in consequence. The earnings of this department accruing to the General Fund of the State from regular examinations are nearly equal to the amount of the appropriation. All collections from special examinations are credited to our departmental appropriation. It must be considered, of course, that by reason of the uncertain additional revenue from such sources, it cannot be accepted as the necessary income to meet our expenses, as such income may be large at times, again practically nothing at all.

Increased activities to which we are expected to give our consideration, attention and examination, include the examination of all Firemen's Relief Associations. This class of work takes an examiner away from his work in making regular examinations. For the year 1928 one examiner was employed nearly two months, and another examiner was in attendance at court as a witness relative to a suit between a county and bonding company. Instances of this kind may arise at any time, and it is impossible to foretell when an examiner may be called away from his regular examination, and for what length of time he may be so employed. To be prepared to meet possible conditions, the department should have an adequate appropriation to finance an increased

necessary expense. This granted does not mean that any unnecessary expense would be incurred; and it would be my pleasure that as much of the appropriation as possible might revert to the State at the close of the biennium period.

We have devoted some considerable time of our examiners in the past year for the benefit and service of Counties, Towns and Firemen's Relief Associations in auditing and determining losses by reason of defalcation of treasurers or custodians of funds of such organizations. Included in the duties of this office is the annual examination of all State offices, requiring the full time service of four deputy state examiners, covering six to eight weeks, which seriously reduces the time we can count upon to make regular examinations in the field. It has been our desire and purpose at all times to give our most helpful assistance to the examination work and to assist in a constructive manner to the fullest extent, as we understand it.

Organizations under examination by this office, particularly cities and towns, need and require more of our time and attention in the improvement of their bookkeeping and accounting systems. In extending this service, it requires the attention of trained examiners, cost of forms, additional traveling expenses—all incident to proper installation of the same. Following the growth of the state, the activities of all organizations due to be examined are constantly expanding, and with the added responsibilities of duties imposed upon us by legislation, it all calls for sufficient number of trained examiners. It is my desire to give equal and just service, as required by law, to all organizations which I am required to examine annually—and I am satisfied you may readily appreciate the important necessity of a sufficient amount of appropriation to permit of my carrying out such important purpose.

Respectfully submitted,

A. J. LOCHRIE,  
State Examiner.

## GROWTH AND DEVELOPMENT OF EXAMINATIONS

---

Section 210, Code 1921, requires the State Examiner to examine the books and accounts of State and County Officers, and all other Public Officers, Boards and Commissions, whether temporary or permanent, however created, and for what purpose, having the control, management, collection or disbursement of any public moneys of any character or description.

1. All State Officers
2. All State Institutions
3. All Boards and Commissions
4. All County Officers
5. All Incorporated Cities and Towns
6. All County Free High Schools
7. All Irrigation Districts
8. All School Districts upon request
9. All Firemen's Department Relief Associations
10. Students' Loan Fund
11. Veterans' Welfare Commission
12. Montana Association for Prevention of Tuberculosis
13. Special Examinations

There are 56 Counties to examine at least once a year.

There are 111 Cities and Towns to examine at least once a year.

There are 20 County Free High Schools to examine at least once a year.

There are 53 Irrigation Districts to examine at least once a year.
